

# THE BOAT PROJECT

## BRING US YOUR DONATION BY THE END OF JULY!

**The Boat Project is happening right on your doorstep. We're building a boat from donated wooden items.**

Have you brought us your donation yet? We'll take anything so long as it's played a part in your life. We're receiving donations until the end of July so now's your chance to contribute to this extraordinary project and be a part of the Cultural Olympiad.

If you've already made a donation come back down to the shed and see how

things are progressing, we'd love to show you how we're getting on. And we need your help – there are still many ways to be involved in the project right through the year:

**Nominate a crew member** – do you know someone that would get a kick out of crewing the boat on its maiden voyage? Nominate somebody now – no sailing experience necessary!

**Volunteer at the shed** – roll up your sleeves and help us build the boat!

See our website on how to get involved or drop in and meet the team.

The Boat Project is part of Artists Taking the Lead, a series of 12 public art commissions across the UK to celebrate the London 2012 Cultural Olympiad. The Boat Project is the winning commission for the South East region and is funded by Arts Council England.
