Dear Patients

The refurbishment of the Victoria Cottage Hospital has now been completed and the time has finally come for the Practice to move.

Emsworth Surgery will be closing at lunchtime on Friday 23<sup>rd</sup> July and the new surgery will open on Monday 26<sup>th</sup> July at 8am. The 111 service will take any urgent calls for the Practice from 12pm on Friday 23<sup>rd</sup> July to enable us to move over the weekend.

The Practice is taking this opportunity to slightly alter our name to the Emsworth Medical Practice. We have been known under both names for years but from now on we will be Emsworth Medical Practice.

We will have a new upgraded telephone system when we move so please bear with us on the opening day whilst our staff get to grips with it. We will be offering only urgent care / appointments on Monday 26<sup>th</sup> July so that we can ensure that everything is working and as it should be. We do apologise in advance for any inconvenience that this may cause. Thereafter we will be operating exactly as we have been for the last 18 months and for the foreseeable future.

There will undoubtedly be some teething problems to overcome initially and the staff will need to get acquainted with a building very much larger than they are used to, so we ask for your patience during this transition time.

Unfortunately, whilst we have a lot of space inside the new premises, our new site with its entrance so close to a very busy roundabout does not allow for any patient parking – apart from a small area for disabled parking at the front of the building, as we have at the current surgery. There is, however, plenty of parking available in the town including a pay and display car park just next door.

Many of you have been involved in our long journey to find a new site, including the choice of location, getting actively involved in our engagement events and surveys over the years. We would like to thank you all for your ongoing support and we look forward to welcoming you at the new premises next time you should need to visit.

Yours sincerely,  
The GP Partners
