

**CHIDHAM & HAMBROOK FILM SOCIETY
SPRING SEASON 2012**

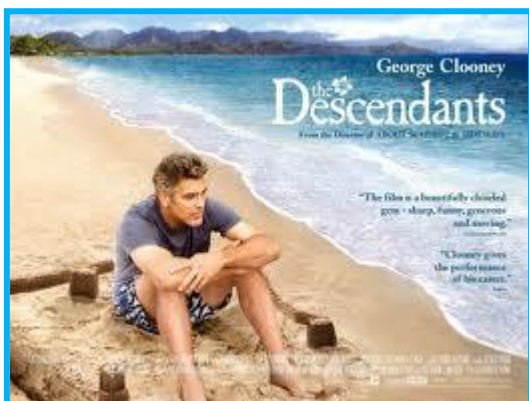

Friday Jan. 18th THE ARTIST (cert PG)

Award winning black and white homage to the silent movie era which is itself silent. Witty, dazzling, funny and charming. One of the must- see films of the decade. Deservedly won Best Film at the 2012 Oscars. Watch out for Uggie the dog's star performance for which he won Best Dog Award at the Golden Collars.

Friday Mar 1st BEST MARIGOLD HOTEL (cert 12)

A cast of top-notch British acting talent – Judi Dench, Bill Nighy, Maggie Smith, Tom Wilkinson, Celia Imrie, Ronald Pickup – bring a touch of class to a warm-hearted comedy concerning ageing Brits seeking new lives abroad. And finding them!

Friday March 22nd THE DESCENDANTS (cert 15)

George Clooney gives an outstanding performance as a lawyer forced to confront his own shortcomings as a parent when his wife is severely injured in a boating accident. The film charts his progress, with wit and humanity, from 'back-up parent' to full-time father and to a fundamental change of values. Don't miss!

Friday April 26th ARGO (cert 15)

Ben Afflek's third film as director is a superb thriller, re-creating the extraordinarily unlikely, but true, rescue attempt of six consular staff during the Iran hostage crisis of 1979. The film has received universally outstanding reviews - very funny, but also a nail-biting suspense film.
